The "Rack Smoker" was custom built by a master stainless steel welder and is designed for competitive smoking.

This truly unique reversing smoker is wood fired, has a 200 gallon water tank (keeping the meat moist), and a rotisserie to smoke evenly. The smoker can hold up to 45 turkeys!

By Maine tradition and our choice we smoke with local "Sugar Maple" fire wood. It burns slower, its coals burn hotter than most woods. Result -- a clean sweet tasting smoke!

BBQ plates come with corn bread, cole slaw, potato of the day, and our own baked beans. With your choice of the Rack's own BBQ sauces below.
